In the past year, we have completed several drainage and beautification projects as well as the installation of three new flag poles in strategic positions. Future projects include installation of a new pipe fence between Rock Creek ISD (RCISD) property and the Bokchito Civic Cemetery property as well as street improvement. In working with the RCISD, it was learned that our southern boundary street was actually on school property. Successful negotiations resulted in establishment of a new property line and deeds properly filed.

The completion of these projects are not possible without the generous support of our Association members and surrounding community. We covet your continued support.

Please notify us of address/phone number changes. For information concerning burials/lots/plots purchases, please contact Jerrie Goforth at 580.775.3585 or our Website address: <http://BokchitoCemetery.com> for more details.
